

## 2019 Occasions Catalogue Product Shares

You've seen the great papers, ribbons and embellishments in the Occasions Catalogue...they're all great, but your budget can't justify purchasing them all (that would be over \$320!), and it's so hard to choose.

### Product Shares to the Rescue!

Get a small amount of each Designer Series Paper, Ribbon, and Embellishment to play with for a fraction of the cost! You choose which share(s) to purchase...you can even purchase multiples if you like. I will order the products, divide them, and either notify you they're ready to pick-up or ship them to you at your cost.

### How to Order:

Email me at [nhoetker@mac.com](mailto:nhoetker@mac.com) your choice of product share from the descriptions below, including if you want to pick up your share or have me mail it. I will send you an invoice to pay. All payments must be received before I order the product.
